

## **ROLE INSTRUCTIONS – DELEGATION FOR UNICORN REVIVE**

You are two or three senior staff of Unicorn Revive, an NGO dedicated to protecting unicorns and unicorn habitat. You are alarmed at the plans to clear North Forest, home to one of the last remaining and very small population of unicorns in the country.

You wrote to the Minister for Magical Creatures, seeking a meeting to discuss a way to save the Unicorns of the North Forest. Because the Minister is new to the portfolio, you don't know the extent of their interest or knowledge about unicorns.

The diary secretary has given you an appointment with the Minister, for 20 mins.

You have 10 mins to prepare for you meeting with the Minister. What do you want to get from the meeting, and how will you do it?
